## **B.1 – PLAN ELEMENTS – Revision of Existing PHA Plan Elements**

The following PHA Plan elements have been revised by IL056 Lake County Housing Authority [LCHA]

---

### **Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions**

Deconcentration: If at any time, one of LCHA’s public housing properties has an average tenant income more than 15 percent higher than the LCHA-wide average income, by bedroom size, extremely low and very low-income applicants will be targeted for admission until it is within 15 percent of LCHA-wide average income. In addition, LCHA may offer voluntary transfers from higher-income properties to lower-income properties to help achieve deconcentration goals.

Eligibility, Selection & Admissions: LCHA has updated the Housing Choice Voucher Administrative Plan and the Admissions and Continued Occupancy Policy as directed by HUD to be in place by January 1, 2025. These changes modify eligibility due to meeting the net asset and property ownership restriction requirements. LCHA’s local preferences have been modified by removing Nursing Home and Insufficient Funding preferences, adding an Elderly and Disabled preference, and increasing the weight of the Veteran preference. LCHA will apply the preferences to the Public Housing Waiting Lists, however, it will exhaust its current HCV waiting list and apply new preferences when the HCV waiting list reopens. These changes combined affect eligibility, Selection & Admissions and can be found in detail in our policies at [www.lakecountyha.org](http://www.lakecountyha.org).

### **Housing Choice Voucher Program – MTW**

Utilizing the Landlord Incentive Program, LCHA plans to gain new landlords in opportunity areas to increase options for voucher families with the hope that the families will be closer to better employment opportunities and strive for self-sufficiency.

Only rental units in opportunity areas will be able to participate in the Landlord Incentive MTW activities. Opportunity areas are defined by HUD’s deconcentrating initiatives where the property is located in a census tract that is considered low poverty.

The property must be located in a census tract where less than 10% of the residents live below the poverty level. The poverty level is determined by the most recent US Census. To date, the Landlord Incentive program has yielded more than 30 new landlords in opportunity areas.

**Rent Determination**

Public Housing Over-income tenants – see summary below and refer to the DRAFT Admissions & Continued Occupancy Policy for detailed information.

If a Tenant’s projected income at the time of annual reexamination or interim adjustment exceeds the income limit for continued occupancy (120 percent of Area Median Income, adjusted for family size) the LCHA will inform the Tenant that if their income continues to exceed this income limit at their annual reexamination for two more consecutive years the Tenant must move out of public housing in six months.

**Homeownership Programs**

LCHA intends to pursue the development of an HCV to Homeownership Program. As our country faces a nation wide housing crisis, Lake County specifically is experiencing high prices for home sales and increasingly high property taxes, both of which create obstacles to low-income home ownership. Restrictive zoning, exclusionary land covenants, and historic red lining have created an imbalance between white and non-white homeownership in Lake County. Low Income buyers have few options to purchase, limited access to no-cost comprehensive financial homeownership education, and the generational benefits this brings. . In its most recent 2024 gap analysis and consolidated plan, the Lake County Consortium states that the highest priority needs continue to be the development of new affordable housing units within the jurisdiction, and especially for households of the lowest area median incomes (AMI), in communities of color, and those communities otherwise underserved by previous year’s affordable housing efforts.

**Safety and Crime Prevention**

LCHA has the opportunity to expand its Safety and Crime Prevention strategies by strategically utilizing its Capital Funds. LCHA currently has an intergovernmental agreement with the Lake County Sheriff’s and Zion Department to conduct safety patrols and increase their presence in our high-traffic properties. This will include doing routine drive-about and patrolling hallways as necessary. LCHA continues to add and upgrade its safety surveillance system.

LCHA intends to seek HUD approval to utilize two units as police units. We intend to host police units at Beach Haven Tower – 730 Golfview Dr. Round Lake Beach, IL 60073, and Shiloh Tower – 1525 27<sup>th</sup> St. Zion IL 60099.

**VAWA:** Lake County Housing Authority has updated the Administrative Plan to include all VAWA-related policy needs. LCHA is committed to preserving the peaceful enjoyment of all communities. LCHA is cognizant of actions that may pose a threat related to domestic violence, dating violence, or stalking. In compliance with the Violence Against Women Act and Justice Department Reauthorization Action of 2013 (VAWA), LCHA will not terminate the lease or evict victims of criminal activity related to their victimization.

Adhering to Public Law 109-162, LCHA’s policies safeguard against denial of program assistance for an applicant or participant [that] is or has been a victim of domestic violence, dating violence, sexual assault, or stalking, if the applicant otherwise qualifies for assistance or admission. This applies to all LCHA housing programs.

The Low-Income Public Housing program and the Section 8 Housing Choice Voucher program process enable LCHA to serve the needs of child and adult victims of domestic violence, dating violence, sexual assault, or stalking by connecting families with local agencies and resources equipped with trained professionals able to assist with their needs. LCHA refers families to A Safe Place (a provider of services exclusively addressing domestic violence in Lake County, Illinois).

LCHA partners with A Safe Place and Lake County Crisis Center Treatment and Prevention of Domestic Violence Inc., by contracting 37 Project-Based Vouchers (PBV) to developments owned by A Safe Place. In addition, LCHA has specialized Family Unification Program (FUP) vouchers that assist displaced families, often of which are domestic violence victims.

LCHA complies with all notification requirements by displaying VAWA materials at all administrative sites along with its website. All adverse actions taken [denials or terminations] are compliant with VAWA notification requirements as stated in 24 CFR 5.20059(a). LCHA exceeds this requirement by providing all applicants and program participants with information on social service agencies specializing in abuse. LCHA provides notification of the VAWA in all Section 8 recertification and briefing materials and all Low-Income Public Housing admission and recertification materials.

**Asset Management**

LCHA has an extensive listing of projects planned to preserve our Public Housing developments. Outside of the Section 18/Demolition and Disposition projects for AMP 4 & 5, LCHA will be focusing on major system replacements such as:

- Elevator modernization
- Wastewater plumbing modernization.
- Roof replacement with Solar considerations
- Windows, siding, and tuckpointing
- Concrete replacement of patios and sidewalks
- Creating additional ADA-compliant units
- Randon testing and mitigation

Please refer to LCHAs recent 5-Year Action Plan. Also, refer to section B.2 for our Section 18 Demolition and, or Disposition plan.

## **B.2 – PLAN ELEMENTS – New Activities**

IL056 Lake County Housing Authority [LCHA] intends to undertake the following new activities in the PHA's current and upcoming FYB 10.1.2024.

---

### **Mixed Finance Modernization or Development.**

LCHA is currently under a Section 18 Demolition and Disposition plan. This plan involves the removal of more than 100 single-family public housing homes from the LCHA inventory. LCHA will consider utilizing proceeds from the plan in a mixed-finance project or development.

### **Demolition and/or Disposition.**

LCHA's repositioning plan:

**Repositioning Assistance:** In coordination with the U.S. Department of Housing and Urban Development, Strategic Plan 2018-2022, the Lake County Housing Authority will continue to focus on resolutions to the struggles of the Lake County community to find affordable housing.

Lake County Housing Authority must move away from the policies and programs of the past and develop an innovative approach that is more responsive to the community; and anticipates the public housing essentials of the future while addressing current needs. In devising a strategic plan, LCHA will examine:

- Capital needs of property
- Cost to operate
- Future HUD funding potential
- Market demand
- Existing debt or other obligations

LCHA will facilitate the preservation, rehabilitation, or demolition of units by utilizing existing HUD-provided tools:

- Rental Assistance Demonstration (RAD)
- Demolition & Disposition (Section 18)
- RAD/Section 18 Blends
- HUD's Subject Matter Experts (SMEs)

By implementing the above, LCHA will deliver units that are in better physical condition and provide long-term availability of affordable housing and rental assistance in the local community.

**Background:** LCHA began the Disposition plan with 496 units in 2020. The Lake County Housing Authority wants to explore options for converting its elderly/disabled development, consisting of 207 units. Additionally, the LCHA wants to know what choices under the options we have for two scattered-site properties, totaling 61 single-family homes. *The Repositioning Panel advises that LCHA has several options to consider for its portfolio and could do them in different phases.*

First LCHA- Scattered Site units (161 single-family homes)

- The units must also be in non-contiguous buildings with four or fewer units. Additionally, the LCHA must have a relocation plan with the option for residents to remain using Project-Based Vouchers (PBVs) or Tenant Protection Vouchers (TPV) under the Housing Choice Voucher (HCV) program.
- LCHA could dispose of the properties to a third-party entity under state law, including a non-profit, and could retain ownership or control. The options discussed during the call included:
  - Selling the property at Fair Market Value and using the net proceeds to maintain other LCHA PH properties.
  - Disposing of the property below fair market (Commensurate public benefit. Use restriction required)
  - Creating a local Homeownership program under Section 32 (Exploring under AIM North Nonprofit).
- TPVs are available for all units occupied by assisted tenants within the previous 24 months at the HUD's Special Application Center (SAC) approval time.
  - Eligible to project-based 100% of property; however, families could request a voucher to move after one year.
  - LCHA has seven (7) over-income families that would not be eligible for a Tenant Protection Voucher (TPV) under Section 18. LCHA would have to provide comparable housing for the seven families.

**UPDATE:** LCHA has begun the Section 18 process for the 161 Single-family homes and as of this submission has officially disposed of 44 with 14 approved, with 7 currently under contract and LCHA has received 32 TPVs thus far.

#### Second LCHA -Elderly /Disabled Properties (2 sites totaling 160 units)

- LCHA will continue to explore options for a blended conversion for a mixed development.
- These properties would be strong Rental Assistance Demonstration (RAD) candidates.
- Additionally, LCHA may consider submitting a Section 18 under the RAD/Section 18 blend if the units will be substantially rehabilitated without the use of 9% Low-Income Housing Tax Credits. Substantially rehabilitated means hard construction costs over 60% of Housing Construction Costs (published by HUD).
- If eligible, SAC will approve the disposition of 25% of the project units under Section 18 and replace those units with Section 18 TPVs. If the properties are in an Opportunity Zone, they may qualify for the RAD \$100 PUM rent boost for a PBRA conversion.
- TPVs will be issued based on the occupancy of the public housing units being removed through Section 18 when the SAC application is approved. Those vouchers may be project-based. RAD units are not eligible for TPVs.

#### Remaining 175 Units

- If LCHA submits applications based on the LCHA one and LCHA two options, they would have 175 PH units remaining and consider submitting an application under Streamlined Voluntary Conversion (SVC) for the remainder of its inventory. Under SVC, conversion to PBV requires tenant consent. Tenants have the right to remain in their unit with the TPV, or take the TPV and rent in the private market, or accept a PBV and remain in the unit (must be in writing)

- LCHA could remove the remaining 175 units via the RAD/Section 18 Close-out Blend, where 125 units are converted through RAD, and the last 50 units are converted through Section 18. The LCHA would project based on the TPVs obtained for the 50 Section 18 units, and the LCHA would not need tenant consent.

Additional Takeaways:

- LCHA will continue assessing what options are best for the community and the families needs before they consider selling units at fair market value or PBV.
- Only applications submitted through Section 18 are eligible for ARF and DDTF. RAD and Streamlined Voluntary Conversions are not eligible.
- Under RAD, LCHA can maintain PH reserves after conversion. Under Section 18 or SVC, LCHA has up until the transaction's closing to spend down any PH reserves. LCHA cannot use PH reserves to support any Section 8 projects.

Next Steps: Option

- LCHA will have a PNA completed for its public housing properties (Sr. Buildings)
- LCHA will follow up with the Chicago Field Office (FO) with any additional questions, comments, or concerns.

**Designated Housing for Elderly and/or Disabled Families.**

LCHA has submitted renewal elderly designation for seven (7) public housing buildings consisting of two Asset Management Developments (AMPs): IL056000003 and IL056000002.

**Conversion of Public Housing to Tenant-Based Assistance.**

LCHA has no required conversions, however, LCHA will be evaluating Public Housing to Tenant-Based Assistance conversion options as noted in the Demolition and Disposition section of this document and per the analysis of the Repositioning Panel consulted in LCHA's strategic plan.

**Conversion of Public Housing to Project-Based Rental Assistance or Project-Based Vouchers under RAD.**

LCHA will be evaluating Public Housing to Tenant-Based Assistance conversion options as noted in the Demolition and Disposition section of this document and per the analysis of the Repositioning Panel consulted in LCHA's strategic plan.

### **Occupancy by Over-Income Families.**

Public Housing Over-income tenants – see summary below and refer to the DRAFT Admissions & Continued Occupancy Policy for detailed information.

LCHA is compliant with HOTMA provisions for over-income families. If a Tenant's projected income at the time of annual reexamination or interim adjustment exceeds the income limit for continued occupancy (120 percent of Area Median Income, adjusted for family size) the LCHA will inform the Tenant that if their income continues to exceed this income limit at their annual reexamination for two more consecutive years the Tenant must move out of public housing in six months.

### **Occupancy by Police Officers**

LCHA continues to evaluate the safety needs of each development. Currently, LCHA is contracting with local law enforcement for dedicated security patrols. Should there be an escalation in crime or the need for additional safety measures LCHA intends to seek HUD approval to utilize two (2) units as police units. We intend to host police units at Beach Haven Tower – 730 Golfview Dr. Round Lake Beach, IL 60073, and Shiloh Tower – 1525 27<sup>th</sup> St. Zion IL 60099.

LCHA will determine exact units based on tenant attrition and specialized needs and will specify those units when seeking written approval from HUD. LCHA will enter a Memorandum of Understanding, or other form of contractual agreement, between PHA and Local Law Enforcement Agencies or a Use Agreement specifying the terms and requirements of the officer residing in the designated unit.

Under 24 CFR 960.505, PHAs are required to provide the HUD Field Office with a statement indicating that occupancy by Police Officers is necessary to increase security for public housing residents. The terms and conditions of the Police Officer's tenancy must be included in the PHA Plan, along with a statement that such occupancy is needed to increase security for public housing residents.

As per the requirements, the unit will be used as a full-time dwelling unit, and a written lease will be executed. Units that house Police Officers who must actively provide security to (including patrolling) the development(s) as a condition of tenancy, may be eligible for a full Operating Fund Grant. If the community conditions that created the need to house Police Officers in the development cease to exist, LCHA will make these units available to eligible program participants.

**NOTE:** To further support tenant safety and agency efficiency, LCHA will utilize one unit for Administrative Purposes at AMP IL05600002 Warren Manor

### **Project-Based Vouchers.**

LCHA also plans to adopt and implement alternative competitive processing in awarding Project Base Vouchers as allowed in the MTW expansion. Developments that have been awarded funding through Low-Income Housing Tax Credits, HOME funding, or CDBG funding will be accepted as an alternative to a Request for Proposal to Project Base a development.

**Units with Approved Vacancies for Modernization.**

Under 24 CFR 990.145, PHAs are eligible to receive Operating Fund grant funding for certain vacant public housing units that are under ACC. Each of these approved vacancies requires that the PHA request an approval Letter from the HUD Field Office. LCHA intends to seek HUD approval for units in its AMP 4 and AMP 5 that require significant modernization. LCHA intends to target up to ten (10) units where the unit is required to be vacant to accomplish the modernization (i.e., renovating the kitchen/bathroom where it would leave the tenant without either facility would require the unit to be vacant or address any health hazards). LCHA will list specific units within its request for approval. Units will be selected and or approval will be requested based on tenant attrition and priority of unit needs.

This modernization work will be accomplished using both Capital and Operating Funds. Upon completion of all modernization work, that required the unit to be vacant, even if additional modernization work continues, LCHA will either re-occupy the unit by an eligible family or place the unit in Vacant status. Modernization plans can be referenced in our most recent HUD-approved Capital Fund submission.

**Other Capital Grant Programs.**

LCHA intends to seek grant funding under the Emergency Safety and Security Grants.

### **B.3 - PROGRESS REPORT**

Provide a description of the PHA's progress in meeting its Mission and Goals described in the PHA 5-Year and Annual Plan.

---

The Lake County Housing Authority (LCHA) continues to make significant strides in achieving its goals, thanks to our ongoing partnership with the Lake County government. Together, we are dedicated to improving the response to the homeless crisis by leveraging LCHA's diverse special-purpose program options, including Mainstream, Emergency Housing Vouchers, VASH Vouchers, and, newly added in FY24, 15 Fair Share Vouchers, all of which target special needs populations.

One of our key initiatives, the Section 18 Demo/Disposition program, has shown remarkable progress. Over the past four years, we have successfully disposed of 44 single-family homes, with an additional 14 currently in progress. These homes have been sold to various parties, including affordable housing providers, investors with the intent to maintain the Tenant Protection Vouchers (TPV) under the Housing Choice Voucher (HCV) program, and in particularly satisfying transactions, to the families residing in the homes who can purchase them. This ensures the continuity of affordable housing options within Lake County. The proceeds from the sale of these homes have generated Tenant Protection Vouchers, which are now benefiting eligible families in need.

Looking ahead, LCHA remains committed to aggressively completing the Demo/Dispo program over the next four years. This initiative not only significantly reduces operational costs for the agency but also provides opportunities for further development using the proceeds from the program. Additionally, LCHA continues to build affordable housing through its project-based voucher program, fostering several partnerships and expanding the development of affordable housing.

In CY2024 through 2025, LCHA is on target to project-base approximately 200 vouchers in three new developments, which will have a direct impact on poverty deconcentration efforts and increase the number of affordable housing units available.

Furthermore, LCHA has entered into an intergovernmental agreement with the Lake County Government, consisting of \$325,000 to directly assist residents still facing housing instability and eviction.

LCHA continues to aggressively address voucher utilization and has experienced a remarkable 7% increase in the last 24 months. Currently, LCHA is in the process of exhausting its waiting list to reopen it in late 2024. Presently, there are approximately 600 applicants on the Housing Choice Voucher (HCV) waiting list. The current composition of the Authority's applicants underscores the pressing need for affordable housing, with 85% representing extremely low-income households, the demographic with the highest need. Furthermore, the waiting list data highlights the necessity to assist a diverse range of households, including 14% headed by disabled individuals with special needs and 4% comprising low-income seniors on fixed incomes. To address these needs, LCHA actively engages in affirmative furthering fair housing with its marketing and collaborates with local agencies that support seniors and persons with disabilities, while also continuing outreach efforts to private property owners to promote the HCV program.

The waiting lists for Public Housing total almost 4,000 applicants and are currently closed to better serve those already on the lists. The Public Housing Program encompasses elderly buildings and family scattered-site homes throughout the county. Of the approximately 4,000 applicants, 17% are elderly, 34% are disabled, and over 87% are at an extremely low income level.

## Resident Advisory Board Comments

Lake County Housing Authority held two resident meetings on April 25, 2024, and a public hearing on June 20, 2024, to discuss the *PHA Annual Plan FYB25 [10.1.24 - 9.30.25]*, *PHA 5 – Year Plan [10.1.24 – 9.30.29]* and the *5-Year Action Plan for Capital Improvements, Administrative Plan and the Admissions and Continued Occupancy Policy*. Comments were received either in person or via email submission at [info@lakecountyha.org](mailto:info@lakecountyha.org).

Below and attached are the comments received and analyzed by LCHA staff.

- Residents expressed frustration with the digital payment system on the washer and dryers. LCHA recognizes this has been an issue and recently removed the digital payment option. Laundry will remain temporarily free until another payment method or coin operated machines can be purchased.
  - BHT residents would like an additional dryer and a notice posted regarding leaving laundry linger in the machines.
- BHT residents noted the issues with the TV antenna. Staff noted that progress has been made and the contractor will be returning for final corrections.
- BHT residents inquired about switching from gas stoves to electric. LCHA is not planning on moving forward with this.
- BHT residents noted the difficulty in being able to clean the windows and inquired about a cleaning service to do it.
- BHT Residents expressed interest in LCHA's plan to have a police officer live on site and inquired about having medical care/support onsite.
- BHT residents noted the sensitivity of the fire alarms when cooking.
- BHT residents suggested that the side lots be only for residents and the large front lot be for caregivers and visitors. LCHA will evaluate this for feasibility.
- Residents inquired about the status of new appliances. LCHA is participating in the Multi-Family Energy Efficiency program and intends to replace 10+ year old air conditioners and refrigerators. Grant funds were temporarily on hold but are expected to resume before the end of the year.
- Shiloh Residents expressed a desire for surveillance cameras to be installed in the elevators. Cameras will be installed in conjunction with the elevator renovation project scheduled for later this year.
- Shiloh Tower has a pending plumbing project which will involve remodeling the bathrooms in each unit. The project will be significant and most likely require temporary resident relocation.

**PUBLIC COMMENT Comments** – A public hearing was held on June 20, 2024. No one from the public was present, not written comments have been received.

Tenants provided input on desires for their respective buildings, overall LCHA Operations and plans. All were directed to detailed plans hosted on [www.lakecountyha.org](http://www.lakecountyha.org)

## **Explanatory Note to Public Reviewers of the Proposed Moving to Work Supplement Fillable Form**

The Moving to Work (MTW) Supplement collects information about policies implemented by MTW expansion agencies. MTW agencies use it to communicate their plans with residents and community stakeholders through required public comment processes, and HUD uses the information collected to monitor and evaluate the MTW demonstration program. MTW agencies will submit the MTW Supplement to HUD annually, and amend as needed. HUD plans to make the MTW Supplement into a fillable form so as to reduce respondent burden and make the information collected more useful to HUD. When the MTW Supplement is available through the fillable form, it will include skip patterns<sup>1</sup> that prompt the user to populate only the sections relevant to what they are currently implementing. It will also include screening questions that will ask which waivers and associated activities they are currently implementing, plan to implement in the upcoming year, or will be discontinued in the submission year. The MTW Agency will be able to print the information from the MTW Supplement in a reader-friendly format in order to inform the public of its plans for the upcoming year. The purposes of the MTW Supplement are two-fold: it reports to HUD what is happening at the local level in a way that the Department can monitor and evaluate; and, more importantly, it informs the public about what the agency is planning and gives the public the ability to provide comment.

The MTW Supplement asks for information about each of the MTW Waivers and associated activities that are made possible by the MTW Operations Notice, Safe Harbor Waivers and Agency-Specific Waivers, and a few other types of information. MTW agencies will fill in information/data through a fillable form and the information collected will be stored in a database so that it can be analyzed by HUD. The approved forms will be posted to the MTW website for viewing by the public. For instance, it will be simple to find out how many MTW agencies and which MTW agencies are implementing each type of activity. It will also simplify reporting for the MTW agency since information will carry over year-to-year in the fillable form so that information that does not change from year to year will be pre-populated, thereby reducing respondent burden.

This document lists the sections of the MTW Supplement and then presents the proposed questions to be included in the MTW Supplement for MTW agencies to answer annually. Throughout the online version, there will be a dropdown menu option that makes it clear as to which activities an agency is permitted to do within the safe harbors of the MTW Operations Notice, Appendix I, MTW Waivers.

### **Sections of the MTW Supplement:**

- A. PHA Information
- B. Narrative
- C. MTW Waivers and Associated MTW Activities
- D. Safe Harbor Waivers
- E. Agency-Specific Waivers
- F. Public Housing Operating Subsidy Grant Reporting
- G. MTW Statutory Requirements
- H. Public Comments
- I. Evaluations
- J. MTW Certifications of Compliance

### **Information to be Collected for MTW Activities**

There are many MTW activities, subject to limitations as outlined in the MTW Operations Notice, that an MTW agency may implement. Each MTW agency will likely only engage in a subset of these MTW activities. The MTW Supplement will first ask MTW agencies to identify which MTW activities they are proposing to implement and which of those MTW activities they are already implementing. MTW agencies will subsequently be asked to provide information only about the MTW activities they are proposing to implement or are already implementing. This feature will reduce respondent burden. MTW waivers have associated MTW activities. MTW agencies are also able to combine MTW activities into their own initiatives.

MTW agencies will be asked for specific information about each MTW activity they are proposing to implement or are already implementing. There are six types of questions that could be asked about each MTW activity. The exact mix of questions will depend partly upon the MTW activity and partly upon the requirements for that MTW activity listed in the MTW Operations Notice. The six types of questions are:

- (1) Core—questions applicable to most MTW activities
- (2) Custom—questions specific to an individual MTW activity
- (3) Safe Harbor Waiver—questions asked when the MTW activity requires a Safe Harbor Waiver
- (4) Hardship Policy—questions asked when the MTW Operations Notice requires a hardship policy for the MTW activity
- (5) Impact Analysis—questions asked when the MTW Operations Notice requires an impact analysis for the MTW activity
- (6) Agency-Specific Waiver—questions asked when the MTW activity requires an Agency-Specific Waiver

---

<sup>1</sup> A skip pattern is a question or series of questions associated with a conditional response.

## Questions

The questions are presented below by type, beginning with the core questions. In the final online version of the MTW Supplement, the relevant questions from each type will be asked together in relation to each MTW activity the MTW agency is proposing to implement or is already implementing. The final online version of the MTW Supplement will be set up to allow for different versions of the same MTW activity—for instance, a different minimum rent for the non-elderly/non-disabled than for the elderly/disabled. The final online version of the MTW Supplement will also be able to autofill items with information from previous years. This feature will reduce respondent burden.

Table 1, at the end of this document, lists the MTW activities and indicates which types of questions need to be asked about each one.

<b>MTW Supplement to the Annual PHA Plan</b>	<b>U.S. Department of Housing and Urban Development Office of Public and Indian Housing</b>	<b>OMB No. 2577-0226 Expires: 03/31/2024</b>
--	---	--

**Purpose.** The Moving to Work (MTW) Supplement to the Annual PHA Plan informs HUD, families served by the PHA, and members of the public, about the MTW Waivers and associated activities that the MTW agency seeks to implement in the coming Fiscal Year and updates the status of MTW activities that have been previously approved. It also provides information about Safe Harbor Waivers, Agency-Specific Waivers, compliance with MTW statutory requirements, and evaluations. The MTW Supplement does not replace the PHA Plan. MTW agencies must continue to submit the applicable PHA Plan. MTW agencies that are not required to submit annual PHA Plans under the Housing and Economic Recovery Act of 2008 (HERA) must submit the MTW Supplement annually, in addition to holding public hearings, obtaining board approval, and consulting with Resident Advisory Boards (RABs) and tenant associations, as applicable, on planned MTW activities.

**Applicability.** Form HUD-50075-MTW is to be completed annually by all MTW agencies brought onto the MTW Demonstration Program pursuant to Section 239 of the Fiscal Year 2016 Appropriations Act, P.L. 114-113 (2016 MTW Expansion Statute) or legacy MTW agencies<sup>2</sup> that chose to follow the requirements of the MTW Operations Notice.

**Definitions.** All terms used in this MTW Supplement are consistent with the definitions stated in the MTW Operations Notice, including:

- (1) **Local, Non-Traditional Activities (LNT)** – Those MTW activities that use MTW funding flexibility outside of the Housing Choice Voucher (HCV) and public housing programs established in Sections 8 and 9 of the U.S. Housing Act of 1937.
- (2) **Safe Harbors** – The additional parameters or requirements, beyond those specified in the MTW activity description itself found in the MTW Operations Notice, following each activity description, that the MTW agency must follow in implementing MTW activities.
- (3) **Substantially the Same Requirement** – A statutory MTW requirement that MTW agencies must continue to assist substantially the same total number of eligible low-income families as would have been served absent the MTW demonstration.

Those three MTW statutory objectives are: (1) to reduce cost and achieve greater cost effectiveness in federal expenditures; (2) to give incentives to families with children whose heads of household are either working, seeking work, or are participating in job training, educational or other programs that assist in obtaining employment and becoming economically self-sufficient; and (3) to increase housing choices for low-income families.

## Instructions for Preparation of Form HUD-50075-MTW, MTW Supplement to the Annual PHA Plan

The instructions below detail how to complete the MTW Supplement. These instructions will not appear in the fillable form.

**Note about file uploads:** PHAs can upload PDF or Word documents. Files should be named with the following naming convention: PHA code, Fiscal Year (FY), and short name for the policy/item. Some examples would be CA789FY21RentHardship for a rent hardship policy, CA789FY21ImpactAnalysis for an impact analysis that is applicable to multiple MTW activities, and CA789FY21MTWCertofCompliance for the MTW Certifications of Compliance.

**A. PHA Information.** All PHAs must complete this section.

**A.1** Include the full **PHA Name, PHA Code, PHA Fiscal Year Beginning (MM/DD/YYYY), MTW Cohort Number, and MTW Supplement Submission Type.**

**B. Narrative.** All MTW agencies must complete this section.

**B.1 MTW Supplement Narrative.**

Provide a written description of how the MTW agency seeks to address the three statutory objectives during the coming year. Those three statutory objectives are: (1) to reduce cost and achieve greater cost effectiveness in federal expenditures; (2) to give incentives to families with children whose heads of household are either working, seeking work, or are participating in job training, educational or other programs that assist in obtaining employment and becoming economically self-sufficient; (3) and to increase housing choices for low-income families.

The narrative provides the PHA an opportunity to explain to the public, and the families that it serves, its MTW plans and goals for the coming Fiscal Year.

**C. MTW Waivers.**

**Core Questions.** All MTW activities found in Section C require responses to the same common questions.

*Narrative.* Describe the activity, the agency's goals for this activity, and, if applicable, how this activity contributes to a larger initiative.

*Statutory Objective.* Indicate which of the MTW statutory objectives this activity serves; each activity may serve one or more objectives. The three statutory objectives are housing choice, self-sufficiency, and cost effectiveness. Check all that apply.

*Cost Implications.* State the cost implications of each activity. Choose the best description of the cost implications based on what is known at the time of completing the MTW Supplement. Indicate which categories best describe the cost implications of the activity from among the following choices: neutral (no cost implications), increased revenue, decreased revenue, increased costs, decreased costs. Check all that apply. For instance, an activity may increase revenue, increase costs, and therefore be cost neutral. Alternatively, an activity may simply increase costs.

*Different versions.* Indicate whether there will be different policies for different household statuses, family types, or locations (public housing developments or HCV properties). If [Yes] is checked, questions will pop up which allow the MTW agency to explain which household statuses, family types, and/or locations will be affected. If [No] is checked, the respondent will move on to the next question. The agency will be able to indicate if a policy is different for one or more of these areas.

For example, if an MTW agency chooses to apply a Tenant Rent Policy to only non-elderly, non-disabled families, and not to the elderly or disabled, then it would check [Yes] and then receive the subsequent items that allow the agency to indicate what types of households and family types are affected by the activity.

*Household status.* MTW Agency's must indicate what type of household to which the activity applies. Household types means the following types: new admissions only, currently assisted households only, or new admissions and currently assisted households.

*Family Types:* Family types mean the following: non-elderly, non-disabled families; elderly families; disabled families; or other specifically defined target populations.

*Location.* The MTW agency indicates if the activity is or will be implemented at all or only at certain locations. Depending on if responses are being provided for a public housing (PH) or HCV activity, the agency will either see questions applicable to PH or HCV. For PH, the questions will be about developments and for HCV the questions will be about tenant-based units and properties with project-based vouchers. The agency must check the applicable response for all or specific. If the response is for specific locations, then the agency will be asked to provide the details.

PHAs may develop one comprehensive hardship policy to cover all MTW activities requiring a hardship policy, which would only need to be uploaded once.

*Safe Harbor Waiver.* PHAs must indicate if a Safe Harbor Waiver is needed to implement this policy as described. If yes, then the MTW Agency is asked the following: what is the status of the Safe Harbor Waiver Request? PHAs must indicate if the waiver request is being submitted for review with this submission of the MTW Supplement (see Section D), or if the waiver was previously approved. If the latter is checked (the waiver was previously approved), then the PHA must describe the extent to which the Safe Harbor Waiver is supporting the PHA's goal in implementing this activity.

*Hardship policy.* The MTW Operations Notice requires agencies to adopt written policies for determining when a requirement or provision of the MTW activity constitutes a financial or other hardship for the family. If applicable for the activity, please upload the hardship policy associated with this activity. Hardship policies may be applicable to multiple MTW Activities. Only upload Hardship Policy once if said Hardship Policy applies to multiple Activities. Reference Table 1 for specificity on when a hardship policy is required.

*Modification of hardship policy.* PHAs must indicate if the hardship policy has been modified since the last submission of the MTW Supplement. PHAs must check yes or no. If yes, then the respondent is asked: why has the MTW agency modified the hardship policy? The PHA will use the provided text box to describe the modifications.

Number of hardship requests. PHAs must indicate the number of hardship requests that have been received for each applicable activity in the most recently completed PHA fiscal year.

PHAs are legally required to provide reasonable accommodations to their MTW requirements, provisions, or policies, or any component of those requirements, provisions, and policies, following the same standards and processes that generally apply to reasonable accommodations.

*Impact analysis.* The MTW Operations Notice requires agencies to analyze and put into writing the various impacts of the MTW activity if it is required for the MTW activity. Please upload the impact analysis that has been prepared related to this activity, if applicable. An impact analysis may be applicable to multiple MTW Activities. Only upload Impact Analysis once if said Impact Analysis applies to multiple Activities. Reference Table 1 for specificity on when an impact analysis is required.

*Description of accomplishments or changes in implementation.* Provide a description, based on the Fiscal Year goals as listed in the activity's previous Fiscal Year's narrative, about what has been accomplished or changed during the implementation.

*Discontinuation of activity.* If the PHA selects "Will be Discontinued in the Submission Year" or "Was Discontinued in a previous Submission Year" in the screener, a question will be displayed that asks for an explanation as to why the activity was discontinued or will be discontinued. The PHA should explain why the activity was or will be discontinued. If the activity has already been discontinued, the PHA should include the final outcomes and lessons learned. If the activity was discontinued in a previous submission year, the PHA should state which year the activity was discontinued in.

**Custom Questions.** Some MTW activities require responses to custom questions that are specific only to that activity. Some MTW activities contain no custom questions. Respondents must answer each of the custom questions, which will only appear if the PHA is opting to implement the MTW activity in the coming Fiscal Year.

Information for how to answer each custom question is included in the 'input options and instructions' column for each MTW activity.

## D. Safe Harbor Waivers.

**D.1: Safe Harbor Waivers seeking HUD Approval.** The MTW Operations Notice describes a simplified process for MTW agencies to implement MTW activities outside of the safe harbors described in Appendix I For each Safe Harbor Waiver request, a document that includes the following must be provided: a) the name and activity number of the MTW Waiver for which the PHA is seeking to expand the safe harbor, b) the specific safe harbor and its implementing regulation, c) the proposed policy the PHA wishes to implement via this waiver, d) a description of the local issue and why such an expansion is needed to implement the activity, e) an impact analysis, f) a description of the hardship policy for the initiative, and g) a copy of all comments received at the public hearing a copy of all comments received at the public hearing along with the MTW agency’s description of how the comments were considered, as a required attachment to the MTW Supplement.

## E. Agency-Specific Waivers.

**E.1: Agency-Specific Waivers Submitted for HUD Approval.** The MTW demonstration program is intended to foster innovation and HUD encourages MTW agencies, in consultation with their residents and stakeholders, to be creative in their approach to solving affordable housing issues facing their local communities. For this reason, flexibilities beyond those provided for in Appendix I may be needed. Agency-Specific Waivers may be requested if an MTW agency wishes to implement additional activities, waive a statutory or regulatory requirement not included in Appendix I.

In order to pursue an Agency-Specific Waiver, an MTW agency must include an Agency-Specific Waiver request, an impact analysis, and a hardship policy (as applicable).

For each Agency-Specific Waiver(s) request, please provide a title and upload supporting documentation, that includes: a) a full description of the activity, including what the agency is proposing to waive (i.e., statute, regulation, and/or MTW Operations Notice), b) how the initiative achieves one or more of the 3 MTW statutory objectives, c) a description of which population groups and household types that will be impacted by this activity, d) any cost implications associated with the activity, e) an implementation timeline for the initiative; f) an impact analysis, g) a description of the hardship policy for the initiative, and h) a copy of all comments received at the public hearing along with the MTW agency’s description of how the comments were considered, as a required attachment to the MTW Supplement.

A PHA planning to pursue an Agency-Specific Waiver is encouraged to read Section 4.c. of the MTW Operations Notice prior to filling out this section of the MTW Supplement.

**E.2: Agency-Specific Waiver(s) for which HUD Approval has been Received.** For each previously approved Agency-Specific Waiver(s), a set of questions will populate. Does the agency have any approved agency-specific waivers? If yes, the title previously provided in Section E.1 will prepopulate and ask if there has been a change in how the Agency-Specific Waivers is being implemented from when it was originally approved or if it has been discontinued. For changes, the PHA will need to provide a description of what has changed. If it has been discontinued, the PHA will need to provide a description about the final outcomes and lessons learned, as well as whether a final impact analysis was prepared at the time of discontinuation if one was previously required.

## F. Public Housing Operating Subsidy Grant Reporting

**F.1: Public Housing Operating Subsidy Grant Reporting.** PHAs must fill out this table if it receives public housing Operating Subsidy grant funding from HUD. Only public housing Operating Subsidy grant funding awarded in the year the PHA is designated an MTW agency and beyond must be reported in this table. Additional rows must be added for Federal Fiscal Years beyond 2023, as applicable.

The federal account closing law applies to time-limited funds appropriated by Congress during the annual appropriations act process. For the public housing Operating Fund, PHAs must expend federal funds no more than five (5) years after the period of availability for obligation expires. After this 5-year period, the account closes, and the funds are no longer available for any purpose. For public housing Operating Subsidy grant funding, the period of availability for obligation ends at the end of the fourth Federal Fiscal Year (i.e., the period of availability for obligation of FY 2021 funds ends 9/30/2024). Pursuant to the account closing law, PHAs must expend all Operating Subsidy grant amounts within five years of this date (i.e., for FY 2021 funds, the account will close, and funds will no longer be legally available for any purpose on 9/30/2029).

## G. MTW Statutory Requirements.

**General.** HUD will verify compliance with the statutory requirements G.1, G.3, and G.4 for public housing units and HCV units through HUD systems. In addition, agencies are to report compliance with the same requirements for Local, Non-Traditional

Households in the tables provided in this section. Once HUD systems are capable of capturing this data then this will no longer need to be reported through the MTW Supplement.

**G.1: 75% Very Low Income.** All PHAs must fill out the table in G.1. The MTW PHA must provide data for the actual families housed upon admission during the PHA's most recently completed Fiscal Year for its local, non-traditional program households. For instance, a PHA submitting its MTW Supplement to the FY2020 Annual PHA Plan should include its Fiscal Year (FY) 2018 local, non-traditional data since this is the most recently completed Fiscal year. Only local, non-traditional new admissions should be included in the table. If a PHA houses no local, non-traditional households, then zeros must be inputted into the table.

HUD will verify compliance with the statutory requirement that at least 75% of the households assisted by the MTW PHA are very low income for public housing and HCV programs through existing HUD systems.

**G.2: Establishing Reasonable Rent Policy.** All PHAs must fill out section G.2. Per the MTW Operations Notice, all activities falling under the Tenant Rent Policies category (Section C.1 of the MTW Supplement) or the Alternative Reexamination Schedule category (Section C.3 of the MTW Supplement), detailed in the Appendix of the MTW Operations Notice, meet the definition of a reasonable rent policy.

MTW agencies are reminded that the Rent Determination section of the PHA Plan should be reflective of MTW reasonable rent policies where applicable. From the PHA Plan: "Rent Determination. A statement of the policies of the PHA governing rents charged for public housing and HCV dwelling units, including applicable public housing flat rents, minimum rents, voucher family rent contributions, and payment standard policies. ([24 CFR §903.7\(d\)](#)).

**G.3: Substantially the Same (STS).** All PHAs must fill out section G.3. The number of local, non-traditional families served must be provided by month for the most recently completed Calendar Year. If a PHA houses no local, non-traditional families, then zeros must be inputted into the table. The additional information on Local, Non-Traditional development units must be provided for each development.

HUD will verify compliance with the STS statutory requirement for public housing and HCV programs through existing HUD systems.

**G.4: Comparable Mix (by Family Size).** All PHAs must fill out section G.4. In order to demonstrate that the statutory objective of "maintaining a comparable mix of families (by family size) are served, as would have been provided had the amounts not been used under the demonstration" is being achieved, the PHA will provide family size (i.e., not bedroom size) data in the table for the most recently completed Fiscal Year. For instance, a PHA submitting its MTW Supplement to the FY2021 Annual PHA Plan should include its FY 2019 local, non-traditional data since this is the most recently completed Fiscal Year. If a PHA houses no local, non-traditional household, then zeros must be inputted into the table.

HUD will verify compliance with the comparable mix statutory requirement for public housing and HCV programs through existing HUD systems.

**G.5: Housing Quality Standards.** PHAs are not required to enter any information into section G.5. This statutory requirement is certified to in the MTW Certifications of Compliance form for the HCV and local, non-traditional housing programs. The public housing program is monitored by HUD through the Public Housing Assessment System (PHAS) Physical Subsystem, or successor, despite the MTW PHA being exempt from an overall designation.

## H. Public Comments.

**H.1: Public Comments.** All PHAs are required, per the Annual PHA Plan regulations, to go through a public process prior to submitting the MTW Supplement to HUD. The MTW agency must consider, in consultation with the Resident Advisory Board (RAB) and tenant association, as applicable, all of the comments received at the public hearing. The comments received by the public, RABs, and tenant associations must be submitted by the MTW agency, along with the MTW agency's description of how the comments were considered, as a required attachment to the MTW Supplement.

As described above, PHAs must submit comments and responses for all Safe Harbor and Agency-Specific Waivers, which are to be held in an additional public meeting.

The public comment process must include the Supplement and all uploaded attachments.

---

**I. Evaluations**

**I.1: Evaluations.** The MTW agency should fill in Table I.1, listing each evaluation of the MTW policies and providing contact information for the evaluator, the time period of the evaluation, and the names of available reports. The MTW agency should list internal evaluations that result in reports that could be shared upon request but may leave off evaluations meant for internal use only. The MTW agency should list all third-party evaluations, as applicable.

**J. MTW Certifications of Compliance.**

**J.1: MTW Certifications of Compliance Form.** The format for submission of the required MTW Certifications of Compliance is provided in this Form MTW Supplement. The preamble to the MTW Certifications of Compliance directs the MTW PHA to fill in the beginning of the Fiscal Year for which the certification is being made. This should be provided as the first day of the Fiscal Year to be covered by the Annual PHA Plan (for example, a FY2021 Annual PHA Plan for an MTW PHA with a Fiscal Year of January 1 – December 31, this would be January 1, 2021).

The MTW Certifications of Compliance must be signed by either the Chairperson or Secretary of the Board of the MTW PHA's legislative body. This certification cannot be signed by an employee unless authorized by the MTW PHA Board to do so. If this document is not signed by the Chairperson or Secretary, documentation such as the by-laws or authorizing board resolution must accompany this certification.

The MTW Certifications of Compliance must be submitted to HUD as part of the MTW Supplement for each annual submission and each revised annual submission.
